PROTECT CANADA'S RESOURCES, WILDLIFE & ENVIRONMENT

From September 20-28, 2008, join over 50,000 Canadians for the **15th Annual TD Great Canadian Shoreline Cleanup**. This national event invites people to participate by removing harmful litter from the local shorelines of ponds, streams, rivers, lakes, or oceans near you.

Participating in a shoreline cleanup is easy: choose a location, date and time, and register today by visiting www.vanaqua.org/cleanup or calling 1-877-427-2422. If animals could remove our garbage, they would. Until they're able to, you can help by joining the TD Great Canadian Shoreline Cleanup. All registrants will receive cleaning supplies and free t-shirts will be provided to groups who register to organize a cleanup (while supplies last). Registration ends August 31, 2008.
